LEGAL EXPERIENCE

U.S. Food and Drug Administration, Office of the Chief Counsel
Assistant Chief Counsel (2024 – 2025)
Served as Assistant Chief Counsel specializing in the regulation of generic drugs, orphan drugs, and pediatric drugs.

California Department of Justice, Health Quality Enforcement Section
Intern (Spring 2023)
Researched state law and attended administrative proceedings related to disciplinary actions filed against healthcare professionals for violations of the state's Business and Professions Code. Wrote and filed a motion in the Los Angeles Superior Court.

Stanford Law School, Juelsgaard IP and Innovation Clinic
Clinic Student (Winter 2023)
Drafted a motion to intervene and unseal court records in a patent case in the Western District of Texas. Wrote a white paper on behalf of a nonprofit advocating for reform to the NSA's surveillance activities under the Foreign Intelligence Surveillance Act.

U.S. Food and Drug Administration, Office of the Chief Counsel
Intern (Summer 2022)

Researched federal law and regulations on matters involving FDA-regulated products, such as drugs, biologics, food, medical devices, cosmetics, veterinary products, and tobacco products. Wrote memos and provided case and statutory summaries for the drugs, foods, veterinary medicine, litigation, and cross-cutting teams.

California Department of Justice, Health, Education & Welfare Section

Intern (Summer 2021)

Researched state and federal law related to actions to enforce state agencies' rights in public health matters. Drafted brief opposing plaintiff's motion to deny Medi-Cal lien in medical malpractice case. Participated in a client interview and drafted a declaration and motion for summary judgment in a Fourteenth Amendment case.

Esperanza Immigrant Rights Project

Intern (Summer 2017)

Led legal orientations in Spanish at the Los Angeles Immigration Court and Adelanto Detention Center. Performed intakes of minors and adults in immigration removal proceedings to answer questions in a confidential environment, assess eligibility for legal relief, and make referrals to ancillary services. Researched country conditions for asylum applicants detained at Adelanto Detention Center. Assisted direct representation program for adults deemed mentally incompetent and unable to represent themselves.

ACADEMIC AND POLICY EXPERIENCE

University of Pennsylvania, Perelman School of Medicine, Department of Medical Ethics and Health Policy

Research Fellow (2026)

Worked on a research team funded by a grant from Arnold Ventures.

National Institutes of Health, Bioethics Department

Research Fellow (2018 – 2020)

Published and presented mentored research projects. Served as fellow-on-call for the Bioethics Consultation Service. Participated in Clinical Center Ethics Committee, Institutional Review Board meetings, clinical rounds, course on ethical and regulatory aspects of clinical research, and bioethics seminars.

Stanford Medical School

Principal Investigator (2015 – 2017)

Conducted international survey study on social support in cystic fibrosis. Completed human subjects training, received approval through Institutional Review Board and Hospital Ethics Committees, enrolled 110 patients, and analyzed data.

Cystic Fibrosis Foundation, Patient and Family Research Advisory Committee

Co-founder (2015 – 2017)

Co-founded "Insight CF," the Cystic Fibrosis Foundation's first patient-driven research initiative. Solicited and reviewed 441 research questions from cystic fibrosis patients and relatives. Engaged 1,795 community members in prioritizing 22 final research questions, representing the Cystic Fibrosis Foundation's most successful engagement effort. Findings illustrate that patients are interested in research involvement beyond the traditional role of research subject.

Cystic Fibrosis Foundation, Public Policy Department

Intern (Summer 2013)

Organized Teen Advocacy Day attended by 55 teenagers from 23 states to meet with more than 200 members of Congress. Compiled evidence of variability in healthcare coverage offered to cystic fibrosis patients across state boundaries. Successfully lobbied for the passage of the Ensuring Access to Clinical Trials Act.

PRESENTATIONS

Health Law Professors Conference, "FDA's Authority to Regulate Longevity Products" (June 2026)

Rikers Debate Project, “After Phase I and Phase II Trials are Complete, Should People who are Incarcerated be able to Choose to Participate in Vaccine Clinical Trials?” (March 2021)
